Recommended Sequence

The sequencing of units listed on your Course planner depends on unit availability, pre-requisite requirements and the semester in which you commenced your course. Students are strongly advised to follow the below recommended sequence of units during enrolment. If the recommended sequence is not followed, it can impact your smooth progression through the course, and may extend the duration of your program. If you have any questions or concerns, don't hesitate to reach out to your Program Coordinator to plan your course.

How to use your course planner

The units in your planner are colour coded to assist you with mapping out your studies. Refer to the boxes below for an overview of your course requirements. Once you successfully complete a unit, under the “Completed” column, tick “Yes”.

Your course planner gives you a comprehensive overview of which units you have completed and which units you have remaining to complete. You will also be able to see if you meet the requisites before you enroll in your next unit/s.

Course Information

200 Credit Points

Core units

175 Credit points

A set of compulsory units you **MUST** complete as part of your Course.

Elective units

25 Credit points

Standalone elective unit/s you **MUST** complete as part of your course.

Enrolment

Check ‘**My Enrolment**’ to ensure that you are planning to enrol in the right units, prioritising prerequisite and co-requisite units.

If you enrol in units in the wrong order, it can affect your enrolment into future units, and the duration to complete your course.

Types of requisites

- Prerequisite (P) — you must complete this unit before enrolling in a following unit.
- Co-requisites (Co-req) — you must complete this pair of units at the same time.
- Concurrent prerequisites (Concurrent-P) — you may complete these units either at the same time or before the higher unit.
- Anti-requisite (A) — unit/s with similar content.
- Assumed Knowledge (AK) — minimum level of knowledge needed for the unit.
